

ALESSIO PROSPERI

Full-stack developer

➤ PROFILE

I am a Computer Science student, passionate about Information Technology. I am equipped with a strong foundation in programming, algorithms, databases, and networks. I have experience in various languages, both front-end and back-end, such as HTML, CSS and JavaScript. I excel in problem-solving, teamwork, and effective communication. Eager to contribute to a dynamic company, I bring a creative mindset, adaptability, and a drive for continuous learning.
